Customs Modernisation

Dear Trader/Agent

CUSTOMS MODERNISATION UPDATE

It's all systems go for the implementation of Customs Modernisation enhancements this weekend. We would like to draw your attention to the following:

1. The rollout of the Customs Modernisation changes as communicated to trade yesterday will commence at **12:00 on Saturday 13 October 2012**, with the system down until approximately **15:00**. EDI will be open for submissions from 15:00.
2. Traders are therefore urged to submit all declarations before noon tomorrow due to the system downtime.
3. This will be a national rollout, so all Customs offices will be affected.

If there are any system issues during go-live, please contact your Bureaus first as they have existing escalation channels with SARS.

Sincerely
